# NATIONAL TRACTOR PARTS DEALER ASSOCIATION

*“Used, Rebuilt and New Agricultural and Industrial Repair Parts”*

## 2021 SCHOLARSHIP APPLICATION

The National Tractor Parts Dealer Association (NTPDA) is very pleased to offer the Scholarship Program again for 2021. NTPDA is to contribute \$1,500 and the sponsoring company of the recipient is to contribute \$500 for a total of \$2,000 award per recipient. NTPDA will invoice companies following the selection of the recipients and one check will be sent to the recipient from NTPDA in the full amount following proper documentation\*. The lifetime maximum an applicant may receive a NTPDA scholarship is two. There is a limit of two scholarships awarded per paid membership per year. This includes Regular, Associate and Affiliate members. These scholarships are awarded to deserving students who are NTPDA members, employees of members, or dependents of members or employees. Scholarship applications are open to U.S. and Canadian graduating high school students, or current college students, enrolling full-time (12 or more credit hours), toward a diploma or degree at an accredited college or university. Completed applications must be accompanied by written verification of affiliation with a NTPDA member company and a Recommendation Letter from someone outside of the sponsoring company or your family.

Scholarship awards are based on academic achievement, extra-curricular/community activities, evidence of leadership, work experience, short- and long-term career goals, and the applicant's overall response to each of the questions on the application. Financial need is not considered in the review process and there is no distinction made on race, religion or gender of the applicant.

The selection process is an extremely difficult one because of the many outstanding applicants each year. Therefore, great care is taken to assure that impartial and unprejudiced choices are made. Applications are sent to the NTPDA office where they are logged in and noted with the date received and assigned a student code. The numbered applications are then sent to the Scholarship Committee and the original kept in the NTPDA office. Based on the criteria above, the committee then ‘rank’ the applications, choosing the top ranked as the recipients of the scholarships. Their selections are then forwarded to the NTPDA office for announcement to the Association and in the student's local newspaper.

\*Scholarship recipients must provide evidence to the NTPDA office that college registration is complete before scholarship funds are disbursed. Upon receipt of such evidence, the NTPDA will issue a check to the recipient.

***Applications must be complete and received in the NTPDA office by  
Tuesday, March 16, 2021.***
