*Greetings from beautiful NW Iowa!*

Harvest is in full swing in the heartland which keeps us very busy. Customers are in a hurry and they don't want to hang around and chat but being busy makes for short days and increased profits. I hope you are seeing the same in your businesses too.

Scott Schelling

I love harvest time! Cool mornings, trees turning color, and machines running in the fields. It's also a great time to go fishing! And hunting! Don't forget to take some time for yourself, your family and your friends; that is why we put in the work!

We are continuing to plan for the annual Conference and Trade show in Kansas City. I am mostly looking

forward to the site visit to Cook Tractor. I love to tour member businesses. You get to meet all the people you talk to on the phone, as well as see what makes each one unique and successful. It will also be great to see everyone again. It has been a long time! This event could be one of the largest we have ever had!! We are hearing from many of our members that they are planning to attend.

Whether it's been a few years, or if you are a regular, this is the event you don't want to miss! There may also be a retirement cake?! There will be a lot to do and great friends to do it with! See you there!!

*Scott*

# Message from Phyllis

In this issue of the Bulletin we will be giving you all the information about our upcoming 38th Annual Conference & Trade Show. The Board of Directors and NTPDA staff have been working diligently to bring you a trade show that will benefit you and your company. So please make plans to attend!

We want to let you know that at check-in you will receive a gift card to be used at check-out to help offset the cost of your room. In addition, when you visit Kim to pick up your registration information you will be given a \$50 poker chip. So...go enjoy some gambling and if

you hit it big we'd love to see you give back at our St. Jude live auction to be held Saturday night. And speaking of St. Jude please remember to bring an item for the auction as well as a door prize to be given away in your booth at the close of the trade show.

Please check out page 14 - our Program at a Glance to see all the activities we have planned in January. I don't think you'll want to miss any of it! And we are so looking forward to seeing everyone again. It's been a few years and I think we're all ready to get normalcy back into our lives. Please stay safe and we'll see you in January.

*Phyllis*

## Announcing Retirement

*THAT WAS THEN*

*THIS IS NOW*

It's been almost 25 years since I joined NTPDA. Now it's time to enjoy these grandchildren. I will miss you all but I'll see you in KC and pop in once in awhile.

## From Malaysia Meet Tractor-Line and Alex Ho

Technology can be our friend...sometimes. Stay with us on this as you are about to meet Alex Ho the director of sales and marketing for Tractor-Line, a company based in Malaysia. The company has been in operation since 1989 and isn't limited to just manufacturing but the entire process from design to production, machining to engineering, raw materials to finished goods and packaging.

In addition, the company specializes in a host of tractor parts; hydraulic to axles, cylinders to buckets. Alex tells us their products are equal to or better than some OEM parts. Finally, Tractor-Line has the capacity to service global customers and seeking relationships with wholesalers, dealers, parts importers, and brands for OEM collaboration in industries that include construction, forestry, mining and agriculture.

As a member of the National Tractor Parts Dealer Association (NTPDA) the company is seeking new frontiers for their services. Here is Alex.

# **BIG** News for Small Business Funding

As we work to get critical information to members of the National Tractor Parts Dealer Association (NTPDA), we thought this conversation about getting capital from the Small Business Administration would be very helpful. There have been many changes to the COVID19 Loan Program. Pay close attention to the new guidelines for gaining capital for your small business. And, second, if you know a person who owns or manages a small business send this link to them. It could make a huge difference.

My guest is Veronica Pugin who is the Senior Advisor in the Office of Capital Access for the Small Business Administration.

Here, too, is your link to the COVID-19 Economic Injury Disaster Loan Program that we talk about. Know there are new guidelines and an easier way in which to apply for business capital.

To listen to this segment, you can go to this link:

<https://bit.ly/399ytGp>

or you can go to our NTPDA Website and check the BLOG: [www.NTPDA.com](http://www.NTPDA.com) or you can use your smart phone and hover above the QR Code.

We hope this information is helpful!

# Don't Let Them Forget You

We're all pretty captivated by the power of the Internet when it comes to advertising and marketing. However, there's a huge slug of people and potential customers we may be missing. And when we miss them, they tend to forget we're even here.

Meet Jeff Greenfield a recent guest on Insight on Business the News Hour. Jeff is the Senior VP, Buy Side at WideOrbit. We are talking advertising and marketing and using the spoken word to get the results you want...and need.

Learn about getting leads (upper funnel) and helping consumers make a buying decision (lower funnel). What works? What about digital advertising? How important is it that you "stay in the game"?

This should not only be required listening for business people but also media salespeople. Understanding the power radio, television and podcasting have been all linked to a higher rate of return for your advertising/marketing dollar. That's what you really want...right? (And, if you listen carefully...toward the end you'll hear Yofi our "Studio Dog"...no, really.)

## Congratulations!!

The congratulations to Don Warmath, Flint Hydraulics is two-fold. He recently celebrated 35 years with Flint and he has retired! I hear his "honey-do" list is long and he will be moving to Middle Tennessee with his wife, Melinda, to enjoy retirement. We wish him the best...and by the way...I'm not too far behind him! I'm sure we're both looking forward to seeing what retirement is all about!

# About Our Members

## MaxiForce Hires New Quality Control Director

With an eye to beefing up quality control, our member, MaxiForce has hired Juan Gallina as the Director of Product Development and Quality Control. Gallina has over sixteen years of experience in QC and product development. Most recently he served as Turbocharger Service Coordinator for ABB Inc. where he was responsible for supervising the service engineering group, training machinists and equipment calibration.

Juan Gallina

About the hire, Santiago Morales, CEO of MaxiForce said, "In our industry, experience is everything and our clients demand that we understand their needs, in order to deliver the best service possible. For this reason, we are thrilled to have Juan on board, and I'm sure our clients will be as well."

Congratulations to our long-time member, MaxiForce and to Juan Gallina who we hope to meet sometime in the near future. For more about MaxiForce visit: [www.Maxiforce.com](http://www.Maxiforce.com)

## All States Ag Parts Announces Another Acquisition

The growth of long-time member All States Ag Parts continues as the company announces the acquisition of Summit Supply and Contrax Equipment bringing the number of locations for All States to 34 in North America.

Summit Supply and Contrax Equipment both specialize in aftermarket rubber tracks and undercarriage parts for a wide variety of agricultural and construction equipment. Summit Supply has six U.S. locations including Asbury, NJ; Auburn, WA; Dallas, TX; Chicago, IL; Los Angeles, CA and Atlanta, GA. Meanwhile Contrax Equipment has three Canadian locations including Toronto, Montreal and Vancouver.

Bill Davidson, President of All States Ag Parts said about the acquisition, "The addition of Summit Supply and Contrax Equipment will further strengthen our ability to serve the ag and construction parts industries. Both companies will be closely associated with our existing H&R Construction Equipment Parts division. This acquisition will tremendously improve our opportunity to serve that segment of our customer base."

Summit Supply can be reached at 888-888-1249 or [www.SummitRubberTracks.com](http://www.SummitRubberTracks.com)

# Greetings from Greasy Girl

By Terri Stevens

Dear Friends,

Happy Fall! It is getting cooler, and the leaves are starting to change. At the Tractor Barn things are changing as well. We decided to clear some land off that had grown up to being a jungle. My Mother and I walked on it and got so lost that we wandered for about 2 hours and finally ended up climbing the fence and walking down the RR tracks. It was a funny day. My Mother is 88 and we didn't take a cell phone or any water. It was sort of like the blind leading the blind.

After that we decided to call the bulldozer and have them do some clearing. Well, as all of you know, there is no telling what you will find at a salvage yard when you start to clear it.

The machine operator said he had found something that he thought was too good to smash. He found a red International Harvester refrigerator. I looked it up and it was made in the 40s to 50s. I had never seen one before. Russ calls it a "diamond in the rough."

Made me think about both experiences. The grown-over land is like our lives. If we don't stay in check and keep the bad things out of our thoughts and our hearts they will grow up and take over. Before long we won't be able to find our way. So important to ask forgiveness and forgive others when you need to.

The refrigerator was found in the middle of a junk pile. Isn't that so like life? We look at something or someone and think it isn't worth anything and then when it is pulled out from a bad life or from a pile of junk there is someone or something of value.

Jesus loves us all! He sees the good in all of us. The closer we become to Him the more His light will shine in us. Look for the good in others and share the love of God. Our world is hurting and many can't find their way in the jungle. Who knows? You might find a diamond in the rough.

Blessings,  
Greasy

## Kansas City Gangster Tour

Kansas City is rich in history and if the era of gangsters and mobsters intrigues you -- hop on the Kansas City Gangster Tour's famed 'Bonnet Bus' where you'll witness gangster hangouts, their reported homes, known speakeasys, and even see the bullet holes from the infamous Union Station Massacre.

## Boulevard Brewery Tour

The laid-back Boulevard Beer is handcrafted right in Kansas City. The great tour of the hometown hopper makes our top pick as Kansas City's best tour. Hit the brew tour to hear a brief spiel on Bully's history, head through the plant to see the beer-making in action, then head back to the tasting room for a good hour of free tastings of Boulevard's finest ales straight from the tap.

## Lunch at Cascones

Kansas City was a favorite spot of the "old timers." The Gangster Tour puts you hot on the trail of this city's most notorious Goodfellas. Don't make us twist your arm. Grab your chopper, hop on the bus and you'll be immersed in a melodramatic look at mob homes and hangouts, turf wars and infamous crimes like the Union Station massacre.

## Cook Tractor Parts – Site Visit

Road Trip! One of the fun and interesting things about a site visit is the ability to learn more about the recycling business. Board Member Richard Cook has cooked up (sorry, had to) a great event at his yard in Clinton, Missouri.

We'll board a bus for the less than 90-minute ride and head to his place to check out both his combine and tractor yard. We'll get a tour of the warehouse, get an idea of what they do and how they do it and be able to ask questions. Then it's lunch on site and our bus trip back to the hotel.

This all takes place on Friday the 21st of January and there is a place on the registration sheet to indicate if you'll be joining us.

Thank you, Richard and Crew, for this opportunity!
